

The partnership between the Southern Baptist Association of Christian Schools (SBACS) and the Association of Christian Schools International (ACSI) allows SBACS member schools to participate in a full-service student assessment program.

**ACSI is now offering three distinct assessment instruments**, connecting your school to the best testing options for your unique needs. Through student assessment, educators can gauge student achievement and abilities, measure instructional effectiveness, organize reflective thinking, and plan objectively.

As an SBACS member, your school has been assigned a Student Assessment Program account number, which provides you access to ordering program test materials through ACSI's online store, [www.purposefuldesign.com](http://www.purposefuldesign.com). Contact ACSI Member Care via our [Live Chat](#), [Online Form](#), or call 800-367-0798 to find out your school's assigned account number. Use your account number as the Username/ID to create a school account on the store. Your school will be invoiced for scoring services after you receive your score results.

*Already have one of the testing instruments listed below, but want to get it through the ACSI program? Contact [assessment\\_support@acsi.org](mailto:assessment_support@acsi.org).*
